CapShare 920

Portable E-Copier

an information appliance

*It's lightweight, portable, fits right in your briefcase.
And with the e-copier in your hand, you can. . .*

Copy Anywhere.

Simply slide over business cards, letters, contracts, even flip charts - for electronic copies in seconds.

Store Inside.

Keep up to fifty copies, and view them right on the LCD screen. Zoom out for whole document. Zoom in to see detail.

Share in Minutes.

Send electronic copies to your laptop or handheld PC at the push of a button. Then edit, print, e-mail or e-fax to share with others.

On the road or on the go, it's easier, faster, better.

- Copy, edit, file and send electronic copies more easily than paper copies ... and reduce your paper load.
- Make e-copies wherever you are - airplane or airport, hotel or restaurant, office or job site.
- Give clients and colleagues more accurate information faster.
- Make life on the road easier - no more searching for fax and copy machines.

Breakthrough technology lets the CapShare appliance work like no device you've ever seen.

Hewlett-Packard's patented CapShare Page Processing lets you capture electronic copies with one freeform motion. It analyzes an entire page with built-in digital microscopes, and searches for matches in picture and text. When matching sections are found, it seamlessly stitches them together in seconds to build an accurate electronic copy of the full page — from business cards up to flip charts. Then it compresses the information for maximum storage, viewing and easy sharing.

Expanding Possibilities
